Kodak **Capture Pro Software** supports over 160 Kodak and other branded scanners and depending on the Scanners capabilities it is associated with a Group. CAT numbers below are tied to the number of years end-user buys Software Update Assurance. Software Update Assurance provides free upgrade to the software during that specified period. There are other options available, including Group to Group updates (e.g., upgrade a Group B license to a Group C license on a faster scanner), Capture Software upgrades, and more [service options](#).
